The Graduate School - Newark is pleased to announce Cycle 2 of the GSN Student Travel Grant Program.

The program provides funds to support student participation in conferences and intensive skill-building workshops. Graduate student travel to, and presentations at, scholarly conferences is essential for the professional development of our students. These awards are designed to provide GSN (School 26) students with support to cover costs associated with attending, and presenting their research at, prestigious national and international academic conferences. Awards may also be used to support students’ travel to, and participation in, specialized intensive workshops (e.g., Princeton’s Summer School in Geometric Analysis).

**Eligibility**
- Student must be a School 26 student in good academic standing at the time of the conference.
- Materials / proposed presentation must have been accepted by the conference at the time of application.

**Award Details**
Awards are intended to cover up to two-thirds of the full cost of attending a national/international scholarly convening (reasonable coach air and/or ground transportation, shared lodging, meals, and early-bird meeting registration). A small number of awards will be made per cycle. The amount awarded will be determined by the selection committee.

**Cycle 2 Application Deadlines**
Thursday, January 2, 2020 for travel between January 16, 2020 and April 15, 2020 (apply here). All applications are due by 5pm on the specified deadline. Incomplete / untimely applications will not be considered.

**Selection**
A committee of reviewers will select awardees based on:
- Importance of conference to student’s plan of study;
- Strength of the student's statement of the reason for attending;
- Strength of the student's CV;
- Student's timely progress in degree program;
- Student’s demonstrated efforts to secure external funding to support graduate study;
- Reasonableness of proposed budget;
- Availability of funds.

Questions about eligibility or requirements should be addressed to Viki Hadjikonstantinou, vhadjiko@newark.rutgers.edu.
